## Know Your Traffic Laws

Prepared in Cooperation With the  
Torrance Police Department

### Traffic Box Score (As of April 1)\*

Fatalities	5
Injury Accidents	123
Persons Injured	189
Non-Injury Accidents	165

\* Box score of all accidents investigated by  
Torrance Police Department since Jan. 1, 1961

Due to the increasing number of hit and run accidents the Torrance Police Department this week drew up a list of duties of all drivers involved in striking an unattended vehicle. Torrance Traffic head Lt. Don Nash informed the Herald that there are, on the average, between 12 and 15 hit and run accidents reported and investigated each month. In an effort to enable you the driver to better understand your du-

ties, here are the laws that apply.

Duty upon striking unattended vehicle: Section 20007 C.V.C. says the driver of any vehicle which collides with any vehicle which is unattended shall immediately stop and shall then and there either locate and notify the driver of such vehicle of the name and address of the Driver or owner of the vehicle striking the unattended vehicle or shall leave in a conspicuous place in the vehicle struck a written notice giving the name and address of the driver and the owner of the vehicle doing the striking and a statement of the circumstances and shall within 24 hours forward a similar notice to the police department of the city where the collision occurred.

Any person failing to stop or comply with said requirements is guilty of a misdemeanor and upon conviction thereof shall be punished by imprisonment in the county jail for not to exceed six months or by fine of not to exceed five hundred dollars (\$500) or both.

## Next Del Amo Center Unit To Be Ready During May

New store construction in the Del Amo Shopping Center mall is being pushed to completion in order to make way for grand opening of several stores in May, according to the Del Amo Estate Co., developers of the center.

Announcement of the shopping center's progress was made Tuesday by Pat O'Melveny, vice president in charge of center operations for the Del Amo Co.

O'MELVENY said that work was proceeding at a steady pace on building "J" which is the next major shopping unit on the center's central mall and which will contain 10 stores. It is located just north of the Sears Roebuck store building.

He stressed the fact that careful attention was being paid to all building details in order to maintain the highest quality construction which has characterized the other struc-

tures already completed in the huge center at Hawthorne and Sepulveda blvds.

THE NEW store building, he said, is the first increment on the east section of the mall. Construction is virtually complete on the exterior and many of the stores which will occupy the facility are underway with interior store planning details.

Stores that will be opening in the new unit in the near future include: Foreman & Clark, GallenKamp's, LeRoy's Jewelers, Toy World, Thom McAn Shoes, National Shirt Shops, Del Mar Women Accessories, Young's Maternity, Tamara's Women's Shop, and Drs. Harvey Temkin & Kenneth Fein, Optometrists.

Containing more than 40,000 square feet, the shopping center building was designed by Welton Becket and Assoc., who are architects for the overall Del Amo Center development.
